- The preliminary final report in the form set out in Appendix 4E of the ASX Listing Rules (if applicable).

The Committee will also review and consider all of the Company's publicly released material concerning financial information.

The Committee may obtain independent professional advice in the satisfaction of its duties if necessary and will have such direct access to the resources of the Company as it may reasonably require.

The Committee will have the following duties and responsibilities:

3.1. External reporting

In relation to these risk areas, the Committee should ensure that:

- At least annually, meet with the external auditor without the presence of management.

3.4. Internal monitoring

- draw on the expertise and resources of any employee of the Company, any internal auditor and the external auditors; and
- select and engage an external adviser or external service provider involving, where appropriate, advisers that are 'independent' in the sense that they are not usual service providers to the Company.

In this context 'independent' refers to the restrictions on relationships between the advisers providing the advice and management and/or third parties that might affect the adviser's capacity to provide zealous representation and advice to the Committee and should be determined in a way that is consistent with the Committee's approach to audit independence.

The Committee may access these resources without management present. The Committee will meet with the external auditors at least once a year without management present.

5. Review

The Committee will conduct an annual review of this charter and recommend amendments to the Board if necessary. The Board will need to approve any amendments to this charter that stem from the review.

ANNEXURE A
Procedure for the selection and appointment of an external auditor

1. Introduction

When a vacancy occurs, the Committee will meet and determine whether a replacement auditor should be selected by way of a formal tender or some other method. The Board is responsible for the appointment of the external auditor. The members at the next annual general meeting must ratify the appointment of an external auditor to fill a vacancy.

The selection and appointment process is the responsibility of the Committee. The Committee must conduct the selection process and recommend a preferred external auditor to the Board. If it thinks fit, the Board will appoint the preferred external auditor recommended by the Committee.

2. Role of Chief Financial Officer

If requested to do so by the Committee, the Chief Financial Officer will:

- Assist the Committee in the selection and appointment process of the external auditor; and
- Submit to the Committee the details of a proposed external auditor together with a written supporting submission.

3. Formal tender

3.1 Request for submissions

If the Committee elects to undertake a formal tender process, the Chief Financial Officer will prepare a draft request for submissions that will be reviewed by the Committee. The Committee may make such changes to the draft, as it considers appropriate.

The final request for submissions must contain sufficient information to enable a potential auditor to provide a proposal and fee estimate to the Company. Such information should include information about the Company, its operations, its key personnel and any other relevant information about the structure of the Company and its financial statements.

The Chief Financial Officer will assist the Committee to distribute the request for submissions and to arrange for candidates to meet with the selection panel.

3.2 Selection panel

The Committee will establish a selection panel comprising the Committee, the Chief Financial Officer and any other person the Committee considers appropriate to assess the suitability of the external auditor. The Committee will consult with the other members of the selection panel as to the preferred auditor however it is

the responsibility of the Committee to recommend a preferred external auditor to the Board.

4. Selection criteria

The candidate selected by the Committee as the preferred external auditor must satisfy the selection criteria whether or not it is selected by way of a formal tender.

4.1 Fees

A candidate must provide a fixed fee quotation for its audit services. However, price will not be the sole determining factor in the selection of a preferred external auditor.

4.2 Independence

A candidate must satisfy the Committee that it is independent and outline the procedures it has in place to maintain its independence. The external auditor must be independent from the Company and be seen to be independent from the Company.

The independence of the external auditor is integral to the role of auditor and the Committee will give due consideration to this requirement when selecting a preferred auditor for recommendation to the Board.

The main requirement for auditor independence is to avoid a 'conflict of interest situation'. This requirement will be contravened where an auditor engages in audit activity that involves a conflict of interest situation, and the auditor was aware of the conflict of interest and did not take all reasonable steps to ensure that it ceased to exist.

Where the auditor is unaware of the conflict of interest, the auditor will be prohibited from engaging in audit activity if the auditor would have been aware of the conflict of interest situation if they had in place a quality control system reasonably capable of making them aware of the conflict.

A 'conflict of interest situation' will exist in relation to the Company if:

- The auditor is incapable of exercising objective and impartial judgment in relation to the conduct of the audit of the Company; or
- A reasonable person, with full knowledge of all relevant facts and circumstances, would conclude that the auditor is incapable of exercising objective and impartial judgment in relation to the conduct of the audit of the Company.

The relationships between auditors (including current and former members of the audit firm) and the Company must be considered when determining auditor independence. There are specific requirements for individual auditors, audit firms and audit companies in relation to such matters as the identity of the auditor, audit firm or Audit Company, the maximum hours worked and independence. Furthermore, there are restrictions on employment relationships between retired auditors and their former clients.

Auditors must provide a written declaration to the Board at the time of delivery of their audit report. The declaration must state that the auditor has complied with the auditor independence requirements of the Corporations Act, the Corporations Regulations and any other applicable codes of professional conduct. A copy

of this declaration must be included in the annual and half-year directors' reports.

4.3 Material matters

A candidate must outline its proposed procedures to address any issue of material significance or matter of disagreement with the Company's management.

The external auditor and the Chief Financial Officer will be required to disclose to the Committee all issues of material significance and all matters of disagreement with the Company's management, whether resolved or unresolved, and to assist the Committee to review such matters.

4.4 Non-audit work

A candidate must detail its approach to the provision of non-audit related services to the Company. The Committee must consider the circumstances in which the Company might use the external auditor for non-audit services. Matters to be considered include the potential quantum of non-audit fees and any circumstance where the external auditor may be required to review and rely upon work conducted by it in a non-audit capacity.

4.5 Other matters

The selection criteria may include such other matters as the Committee thinks fit.

5. Policy on audit and non-audit services

The Committee will develop a policy that set out the circumstances in which the Company may use the external auditor for other services. A copy of this policy will be provided to the external auditor.

The policy will be based on the following principles:

- The auditor may provide audit and audit-related services that, while outside the scope of the statutory audit, are consistent with the role of auditor;
- The external auditor should not provide services that are perceived to be materially in conflict with the role of auditor;
- The external auditor may be permitted to provide non-audit services that are not perceived to be materially in conflict with the role of auditor, subject to the approval of the Committee; and
- Exceptions may be made to the policy where the variation is in the interests of the Company and arrangements are put in place to preserve the integrity of the external audit process. The Board must specifically approve any such exception.

6. Rotation of external audit engagement partner

The Committee will ensure that the external auditor has in place arrangements for rotation of the audit engagement partner.

The audit engagement partner for the audit must rotate every five years (subject to ASIC being given the power

to extend the period to seven years). Audit firms will be responsible for ensuring that the members of their firm do not breach the rotation requirements.

7. Review of audit arrangements

The Committee will review the external auditor's performance annually. As part of this review the Committee will obtain feedback from the Chief Financial Officer and other members of senior management regarding the quality of the audit service.
